

SEALING VESSEL KITE REPORTED LOST IN NORTH

Is Smallest of the Vessels in
the Seal Trade in the
Far North.

St. John, N. F., April 15.—Fear that the Kite, the smallest steamer in the sealing fleet, has met with disaster was increased today when the steamer Eagle, in a radio message, reported sighting wreckage consisting of a ship's hatch, a plank and some cans 170 miles off here. Owing to the stormy weather, the Eagle was unable to pick up the wreckage.

The Secret of Perpetual Youth

There are people who are keeping their springtime even though their calendar days say autumn. How many we know that are keeping young, or are even growing younger while the years are racing away? There are people who just laugh at the register of their birth. Again and again they make the joyful claim that they are in possession of radiant youth, even when the number of their years would indicate that youth is far behind. What is there about them in their autumn days which has all the freshness and sweetness of spring? Let us look for these tokens of May in their October. Now as long as we keep our health we keep our youth. A lamp may show the signs of wear, and yet the flame may be as luminous and cheery as ever. Thousands upon thousands of successful men and women in all walks of life have taken the use of the gentle tonic stimulant, Duffy's Pure Malt Whiskey, they have kept the tissues strong, and the entire system in a normal, healthy condition. Taken in a little water or milk just before meals it stimulates the mucous surfaces and little glands of the stomach to healthy action, thereby improving the digestion and assimilation of the food and giving to the body its full proportion of nourishment. With perfect digestion the fermentation which generates poisons and diseases will be less troublesome. This is the secret of Duffy's Pure Malt Whiskey in prolonging health and activity, and why you, too, should "Get Duffy's and keep well."—Advertisement.

IMPORTANCE OF HEALTHY KIDNEYS

El Paso Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this El Paso citizen's advice.

Mrs. Walter Moore, 1114 San Antonio St., El Paso, Tex., says: "Doan's Kidney Pills can be relied on to cure any attack of backache or other trouble caused by weak kidneys. I have used Doan's Kidney Pills in my family for many years. They have certainly been beneficial."

TO GIVE OUT FLY SWATTERS THURSDAY

Mothers in the Mexican Districts of City Will Be Urged to Make War on Flies and Dirt.

Fly swatters will be distributed among the Mexican mothers at the next mothers' meeting of the Woman's Charity association Thursday. The fly swatters have been donated by a local firm.

A lecture is being planned on the harm that can be done by flies, and it will be given at frequent intervals in the southern portions of the city to instruct the parents on the better care of their babies by guarding against dirt and flies. These plans were among some of the matters discussed at the directors' meeting of the Woman's Charity association held Tuesday night in the home of Mrs. W. H. Burgess.

Mrs. C. A. Hopper, the superintendent of the charity work, submitted her report for the month of March. She said that there had been a slight decrease in the number of applicants for help during the month, but that employment had been more difficult to secure for applicants than at any time for many months.

Only 45 persons were helped to secure positions.

Mrs. Hopper reported that the interest in the mothers' meeting was increasing and that the mothers were being helped to make clothes from patterns. During the month 104 cases were treated at the clinics and 163 consultations held. The daily average of the clinic was 13 patients.

In the relief work, 132 meals were served and 156 nights lodgings furnished. Meals were given to 96 tubercular patients. Transportation to outside points was secured for 13 persons.

Miss Margaret Bergen talked about the work of associated charities and how these were maintained.

The quarterly meeting of the association will be held Friday morning in the chamber of commerce building.

RESIDENCE ROBBED BY BURGLARS WHO MAKE \$400 HAUL

V. L. Bean Home, on Golden
Hill Terrace, Ransacked
Tuesday Night.

Between the hours of 8 and 11 o'clock Tuesday night burglars gained entrance to the residence of V. L. Bean, 1600 Golden Hill terrace, and after thoroughly ransacking the house, carried away silverware and articles of jewelry approximating \$400 in value.

At the time the home was burglarized Mr. and Mrs. Bean were attending a recital given by their daughter, Miss Virginia Bean, and Miss Ruth McCurdy.

Upon their return home, the family found the house in a state of utter confusion. Trunks had been opened, dresser drawers pulled out and their contents scattered about the floors. Jewel boxes had been rifled and the boxes were buried out of the window. Every closet in the house had been entered and carefully searched. Not a hook was over a nail. The loss included handsome heirlooms that had been in the family for years. These cannot be replaced. Jewelry taken consisted of several rings, one set with four diamonds, a gold locket and chain, a gold watch and other articles.

Entrance to the home was gained by cutting away the screen covering one of the rear windows.

TAFT EULOGIZES FORMER AIDE WHO DIED IN TITANIC

"He Would Have Selected
No Other Death," Says
Former President.

Augusta, Ga., April 15.—Simple but impressive exercises attended the dedication here today of the Butt memorial bridge, erected as a tribute to the memory of the late Archibald William Butt, who perished in the Titanic disaster, April 14, 1912.

Former president Taft, a delegation of Masons from the Temple Noyes lodge of Washington, of which major Butt was a member, local Masons and members of the Butt memorial association, participated in the services which were held on the handsome new bridge spanning the canal at 15th and Greene streets.

"Southerner Through and Through."

Former president Taft spoke feelingly of his former aide as "a Southerner through and through."

"I like to think of him," said Mr. Taft, "as the best type of the new south, with its full flavor of the chivalrous and patriotic sentiment of the old south, strengthened by the trials of civil war and its consequences and turned into the deepest loyalty to the flag by the Spanish American war."

"Archibald went to his death in a great disaster that attracted the attention of the world. We don't know the details, but we know that women and children were rescued and he went down with the ship."

"When I heard that many were lost I knew that Archibald would never return. He would have selected no other death had he been given a choice."

EXACTLY 270 VOTE AT BOND ELECTION

Just exactly 270 tax paying citizens took enough interest in the \$200,000 school bond election to go to the polls and vote Tuesday. Four of the number voted against the issuance of the bonds, but the vote of the 266 carried the proposition. One "anti" each was located in precincts 1, 2, 10 and 14.

The bonds voted and approved means the building of the first unit in the \$200,000 high school and improvements to other schools.

It is probable at the session of the city council Thursday that the election will be declared carried. Following this a transcript of the bonds will be prepared and sent to the attorney general's department for approval. The next step will be the sale of the bonds.

CANANEA MINERS THREATEN TO STRIKE

Refuse to Go to Work Unless Deported
Leader Is Returned to the
Camp Mine Shaft Close.

A dispatch from Cananea, Sonora, to the department of information in Juarez Wednesday said that 2000

Cananea workmen have called upon Gen. Figueira asking that Tomas Martinez, who was deported as being a Huerta sympathizer, be returned. Nothing else was asked by them.

The men refused to go to work unless the leader is allowed to return. Most of the mine shafts are closed. Mine officials say relief men will go to work. Advice from Nacon, Ariz., say that Martinez has been sent back to Cananea. The belief was expressed that this would settle the strike trouble.
